

Dear Families,

Enhancing your child's life with music helps all aspects of learning. Music is a highly effective means of communicating information and is a useful tool in teaching basic concepts. Christ the King Daycare is proud to contract with Edu Music Inc.

The Edu Music program model is based on a developmental approach to music education, rather than a performance-oriented approach. It builds on the understanding that a great deal of development needs to take place before participants are able to "speak" the language of music and competently express themselves by singing and moving. Using a fun and participatory curriculum, children develop life skills through tonality and rhythm exercises, singing, and movement focused on motor skill exercises.

We are sad to say goodbye to Mr. Kenny but wish him the best in his future career out of state. We would like to introduce our new music teacher, Mr. Lomar Brown. Mr Lomar began training with Mr. Kenny in different schools and Institutions successfully for several months. He recently came for two weeks this past summer, and we were all very impressed. Lomar graduated with a doctorate in 2014 from Berkeley College of Music. He is a professional musician, and even plays the saxophone! His strength is a combination of his uplifting and kind personality working with children and his willingness to work patiently and diligently.

Mr. Lomar will be at our Center on Tuesdays and Thursdays beginning 10/5/ 23. We will continue to have our rotating ABC Schedule for our music classes. Students will be performing for families in a music recital on Thursday, May 16th 2024 for Pre-K and Friday, May 17th 2024 for 3-K and Daycare at 5pm.

Please see the link below for the Music Schedule. <http://ckkidsny.org/wp-content/uploads/2023/04/Edu-Music-Schedule-2023.pdf>
